

Misty Fisher

I graduated from Mansfield High School in 1992. I am married and have 2 kids. My daughter attends Texas A&M University and my son goes to Venus High School.

I have been in the education field for 12 years. I have worked for the Venus ISD and now currently for Mansfield ISD. I have been the Textbook Coordinator for the last 2 years. I have attended all NTTCA meetings and TCAT conferences since I became the Textbook Coordinator for Mansfield. I am always eager to learn any new information in order to be more efficient in my position.

This position will provide an opportunity for me to be more involved and serve the NTTCA organization and to improve my knowledge of the changing textbook policies.
